» MILD STEEL AND CARBON STEEL PIPES AND TUBES

Mittal Precision Steel Tubes Pvt. Ltd. was established in the year of 2001. The company is in the manufacturing of ERW MS & GI Tubes, Round, Square, Rectangular & Oval Sections. The company has its valued customers in all fields like Automobiles Exhaust, Automobile Seating, Furniture Industries, Bus Bodies. We strive to satisfy our customers by providing consistent quality product using optimum technology at competitive price & prompt delivery.

Our Annual Production is 36,000 Metric Tons plus...

» PRODUCT BRIEF

Manufacturing quality products is the core value of Vasant Group of industries and this trait is exhibited in our entire range of Mild Steel Tubing products. Mild Steel is available in a variety of structural shapes that are easily welded into tubes and tubing, etc. The reason that Mild Steel tubing is popular it is easy to fabricate, readily available, and costs less than most other metals. We offer a wide range of CRCA Steel Tubes that are highly appreciated by our clients for their

- i) Excellent surface finish ii) Close dimensional tolerances and iii) Controlled mechanical and physical properties. Our products are made from high quality raw materials and are available in different sizes, designs and specifications. We take extra care to keep the Mild Steel Tubes from rusting. In Well protected environments, the life expectancy of Mild Steel Tubes is 50 to 100 years. All possible care is taken to ensure that we provide you with accurate as well as hassle-free Mild Steel Tubing solutions.
